STORE OPENS 8:15 CLOSING 5:30

The representative manufacturers of America and scores of convents of France have contributed to this great sale of white undergarments. The mere statement that it surpasses those of all previous years hardly does it justice. So extensive is the variety we cannot begin to show all the styles at one time. This will, in fact, be a series of sales, with new features day after day. In order to start it with great enthusiasm we offer a great number of extra special values. In fact, we are taking a loss on some items in order to start it real early in the morning.

More Than 100,000 Yards of Embroidery in the White Sale

Great Quantities of Which Are Offered at a Saving of Twenty-Five to Fifty Per Cent.

EMBROIDERIES are one of the strong features of the White Sale, and our showing this year surpasses those of previous occasions. Moreover, we were unusually successful in securing a number of lots under price, enabling us to offer you great economies. We especially direct your attention to several lots of sample strips, lengths ranging from 4 1/2 to 6 yards, which are being offered at almost half the regular prices.

ASIDE from the great economy features which this sale holds out to you, there is another very important point to consider; that is the styles. Of the hundreds that we are showing, you will not find an undesirable nor an old pattern in the lot—all are new 1906 goods, and every yard was bought direct from the makers. While the major portion of these embroideries were secured in St. Gall, our representatives also bought freely in France and Madeira, where the finest handmade embroideries are produced. Those who desire real high-class, exclusive novelties in Embroideries or Embroidered Waist Patterns and Robes are advised to make selections early.

An immense variety of Embroideries will be found on the bargain tables on main floor and in the basement, including edging, inserting and heading, embracing all widths, dainty styles or open showy designs, at the following prices:

Per yard, 3c, 6c, 7 1/2c, 10c, 15c and 19c.
